PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience in MERN Stack and Laravel development through internship and industry-level training. Skilled in responsive web application development, REST API integration, frontend-backend collaboration, and modern JavaScript technologies. Passionate about problem solving, scalable applications, and user-focused web experiences.

EDUCATION

BRAC University Bachelor of Science in Computer Science and Engineering THESIS: Detecting Propagandistic Poster Title: A Machine Learning Approach (View)	Dhaka (2020 – 2024) CGPA: 3.19
Shahid A.H.M. Kamaruzzaman Govt. Degree College Higher Secondary Certificate (HSC)	Rajshahi – 2018 GPA: 4.00
Rajshahi Shikkha Board Govt. Model School and College Secondary School Certificate (SSC)	Rajshahi – 2016 GPA: 5.00

EXPERIENCE

Business Automation Ltd. – Web Developer Intern	Dhaka – June 2024
- Worked on multiple web applications and internal systems using HTML, CSS, JavaScript, PHP, and Laravel. - Developed responsive frontend interfaces, backend functionalities, and database-integrated features. - Collaborated with developers on debugging, feature implementation, and workflow management.	
Business Automation Ltd. – SQL & Database Management Training	Dhaka – April 2025 – July 2025
Completed certified training in "A Practical Approach of SQL and Database Management: From Basics to Expertise" and earned a Certificate of Completion on July 27, 2025.	

TRAINING

OSTAD MERN Stack Development Course	2026
- Completed nine-month industry-level training on MongoDB, Express.js, React.js, and Node.js. - Developed scalable full-stack applications using REST APIs, authentication systems, and responsive design. - Gained hands-on experience with deployment workflows, GitHub, and modern JavaScript development.	

PROJECTS

Tanjim's Pathshala – (Live Demo)	<i>React.js, Node.js, Express.js, MongoDB</i>
- Built a MERN-based learning platform with authentication, student management, and class scheduling. - Implemented Google Meet integration, review system, and responsive design.	
Portfolio Website – (Live Demo)	<i>React.js, Tailwind CSS, JavaScript</i>
- Developed a personal portfolio website showcasing projects, skills, and achievements. - Implemented responsive modern UI design for better user experience.	
Dynamic News Portal – (Live Demo)	<i>MERN Stack, MongoDB</i>
- Built a dynamic news portal with categorized news management and responsive interface. - Used MongoDB for backend database management and modern frontend features.	
Blog-Mela Platform – (Live Demo)	<i>React.js, Node.js, MongoDB</i>
- Developed a blogging platform where users can create, manage, and explore blogs. - Implemented authentication, CRUD operations, and responsive design.	
E-commerce Platform	<i>HTML, CSS, JavaScript, PHP, Bootstrap</i>
- Developed an online shopping platform with authentication and product management system. - Implemented responsive UI, cart functionality, and order management features.	
(More Projects)
