EDUCATION

BRAC University

Dhaka (2020 – 2024)

Bachelor of Science in Computer Science and Engineering

CGPA: 3.19

THESIS: Detecting Propagandistic Poster Title: A Machine Learning Approach (View)

Relevant Coursework: Data Structures, Algorithms, OOP, Software Engineering, DBMS, AI, Robotics, Neural Networks, Image Processing

Shahid A.H.M. Kamaruzzaman Govt. Degree College

Rajshahi – 2018

Higher Secondary Certificate (HSC)

GPA: 4.00

Rajshahi Shikkha Board Govt. Model School and College

Rajshahi – 2016

Secondary School Certificate (SSC)

GPA: 5.00

EXPERIENCE

Business Automation Ltd. – Web Developer Intern

June 2025 Dhaka

- Worked on multiple web projects using HTML, CSS, JavaScript, PHP, and Laravel.
- Developed and maintained responsive web applications, internal management systems, and utility-based platforms using PHP, Laravel, JavaScript, and modern frontend technologies.
- Collaborated with developers and gained practical industry experience.

TRAINING

OSTAD MERN Stack Development Course

2026

- Completed nine-month industry-level training on MongoDB, Express.js, React.js, and Node.js.
- Developed full-stack projects following software architecture best practices.
- Gained hands-on experience building scalable, production-ready web apps using modern development workflows.

PROJECTS

Portfolio Website – (View)

React.js, Tailwind CSS, JavaScript

- Developed a personal portfolio website showcasing projects, skills, and achievements.
- Implemented responsive modern UI design for better user experience.

Dynamic News Portal – (View)

MERN Stack, API Integration

- Built a dynamic news portal with categorized news management and responsive interface.
- Integrated APIs for real-time news updates and modern frontend features.

Blog-Mela Platform – (View)

React.js, Node.js, MongoDB

- Developed a blogging platform where users can create, manage, and explore blogs.
- Implemented authentication, CRUD operations, and responsive design.

E-commerce Platform

HTML, CSS, JavaScript, PHP, Bootstrap

- Developed an online shopping platform with authentication and product management system.
- Implemented responsive UI, cart functionality, and order management features. (More Projects)
